warriors can have much to remember later
amid the confusion

learning emerges in various forms

1970-71 has been a year of learning . . . learning that didn't stop at 2:50 each day or even on June 11, 1971. Warriors will always keep the many kinds of knowledge gained within and without Kekionga's walls. Who could forget the first year girls could wear slacks to school, or the excitement of the city basketball tourney we almost won. Of course this year is over . . . nothing can ever be done again exactly like it was in 1970-71; however, FROM OUR PAST A FUTURE GROWS.

1593166

Warriors participated in various activities ranging into several categories. These different activities brought new experience and continuous learning from the average school day.

A few of the teachers brought new ideas for seventh period activities back with them. Among the new ideas for activities, Mr. Mathias introduced the Stamp and Coin Club, Mrs. Yates aided reading interests by sponsoring the Reading Club, and the ultimate challenge of math was evident during a skillful chess game, sponsored by Mr. Heckman.

Although the new activities brought challenging experiences, the old activities still had the same old appeal for many Warriors. Every day the halls were still filled with people interested in more than just one activity; learning can be fun!

activities acquire vital
role during school day

super-spirited teams are winners in sportsmanship, determination, drive

It is too soon that the
present becomes the past

The future is so far ahead
and yet so close

The friends we have made
here are precious

If we forget them we are
only forgetting a part
of ourselves

These memories will live on

We will look back only to
find a part of ourselves

What we have learned
somehow is helping us
in a way that may never
had been thought possible

We cannot forget

STAFF

administration help many students when in need

1970-71 brought changes among Kekionga's administrative staff members.

Mr. Max Lake served his first year as principal of Kekionga. His experience as assistant principal last year familiarized him with the ways of the school and the students with whom he would be concerned. Prior to last year Mr. Lake was assistant principal at Geyer.

Assistant principal, Mr. Robert Stebbe also had a new position on the staff. Last year Mr. Stebbe was one of our guidance counselors, and previously was the principal of a Lutheran grade school.

Mr. Ed Innis came to Kekionga as our new guidance counselor. He, along with Mrs. Julie Murtaugh, aided students with the many questions or problems they were faced with this year.

The administrative staff wouldn't be complete without our secretaries, Mrs. Rosemary Goldman and Mrs. Martha Hursh. Both worked very hard "behind the scenes" taking care of school interests, from attendance to business.

Mrs. Goldman spends part of her time taking phone messages.

Changes in lunchroom charges are explained to questioning students.

Mrs. Hursh, school treasurer, gets ready for another busy day of work.

Enjoying his first year as assistant principal, Mr. Robert Stebbe uses his background as a parochial principal.

Mr. Max Lake uses last year's experiences as assistant principal here in Warriorland to guide him as the new principal.

As guidance counselors Mr. Ed Innis and Mrs. Julie Murtaugh discuss student situations.

Kekionga Cooks. Mrs. Evelyn Dennis, cafeteria manager; Dorothy Gillette; Dorellym Grodian; Bonnie Lahrman; Geraldine Byeras; Lois Mangona; Nancy Loebert, Marg Norton.

personnel staff improve school surroundings by instilling a pride in kekionga's atmosphere

Mrs. Joyce Parlow watches over the lunch tables.

Study hall clerk, Mrs. Ina Roof, helps our school in study hall and the office.

Custodial staff: LEFT TO RIGHT, Luz Perez, Marion Eisman, Lois Steup, Warble Robbins, Robert Mossburg.

DEPARTMENT

MEATS

sciences

mathematics interest students many ways

Mathematical concepts are ever changing and complexing. New methods in teaching are needed to keep up with this ever changing world. Kekionga is helping to prepare its students for this fast-paced world by proposing a math lab, which would serve such purposes as providing remedial help for the slow learner; it is to provide a place for students to construct models, prepare special projects, and experiment in various topics.

Girls in ninth grade biology will never forget the experience of dissecting a frog. The overall year in biology proved to be not only dissecting but many interesting activities, such as studying plants and organisms through a microscope, insect and leaf collections that had students tramping over the country, and learning genetic traits.

All ninth grade sciences stressed learning through activities, experiments, and films.

Who said learning math isn't fun?! Here one student explains his project for class.

Studying organisms is just one part of the curriculum in biology.

Eighth grade science students learn such things as heat and weather.

science, health classes study scientific world around them

Seventh grade science students watch and perform experiments.

Seventh graders explored the world of science, gaining knowledge in many different areas. Four weeks of the semester were devoted to the study of the human body. They learned about such things as the basis of our world, atom and molecule structure and electricity.

Many phases of science were reached by eighth grade general science students. An introduction of chemistry was covered which will help those who go on to high school chemistry. The study of machinery was of special interest to the boys. Drugs, alcohol and tobacco were studied since they are very important in today's society.

Nine weeks of ninth grade health is spent on driver's education. Again they are made aware of the effects of drugs, alcohol and tobacco. Physical fitness and the development of the human body are the most important of what is studied.

Boys' health students study narcotics pamphlets for class discussion.

Girls' health students experience teaching part of a class assignment.

Mr. Heckman challenges members of Chess Club in a battle of wits.

The YAPA Club, Youth Against the Pollution of America, was founded in the '69-70 school year by Steve Ballinger and Terry Emmons. The students of Miss Shaner's science class, now eighth graders, while studying pollution were aroused by the problem in the United States and decided to do something about it. Steve and Terry planned a big clean-up project. They spent many hours planning for the project, in which many new problems came up. Most of their time was spent on the telephone getting permission from the city government to clean up the spot that they had picked out to clean. The project went beautifully and their action was highly publicized.

At the beginning of this school year YAPA's three leaders, Steve Ballinger, Terry Emmons, and Pam Reyburn were impeached because of yearbook activities. Nevertheless, YAPA has done several worthwhile projects. They sponsored a pollution picture contest and general school clean-up.

The ultimate use of mental mathematics was displayed by members of Chess Club. Members employed strategy and daring to the utmost.

concerned students see
problems to battle;
chess aids differently

YAPA club members help battle against pollution even though all members don't practice what they preach.

Seventh graders learn the arts of using maps and globes.

social studies contains many
useful aspects about life

John O'Rierdon displays a war battle he made for a history project.

social studies

This year in social studies, citizenship is being related to all walks of life. Although it may not be directly taught, it is implied in both history, geography, and citizenship itself.

Discussions on world problems, war, life, and the problems of youth may be found in eighth grade history and freshmen citizenship classes. Even though it may be off of the subject, it is valid in today's world.

In seventh grade geography, land forms, climates, imports, exports, and ancient cultures of many countries are studied.

Many current events have altered the teaching plans of many social studies teachers. Apollo 14 interrupted many classrooms, but was enjoyed by all.

council members have changed warrior land by cooperation

Student council played an active and successful role during the year in many projects, including the school dances. "Quipid's Quest" was enjoyed by all, with special thanks to Mike Rodenbeck as chairman of the committee.

Changing the school dress code was a great leap for Kekionga and the council worked hard on behalf of the student body for a code agreeable to everyone. The girls are now warm and comfortable as well as attractive in their pant suits.

Not of least importance was the annual food drive sponsored by the Warriors, when 2,768 pounds of food were collected and donated to the Christmas Bureau. A contest between homerooms involved the "Grinch Award" being presented to the homeroom donating the least, while candy bars and canes were given to the most generous homeroom.

Student council sponsors a dance, "Quipid's Quest." Paul Lambert's group played.

Dress code was a major change this year.

Student council executive board examines damage done to the totem pole by vandals. Executive board are, left to right, Wendy Wight, parliamentarian; Paul Sieber, treasurer; Mike Lee, vice-president; Debbie Lebamoff, secretary; Mark Mathias, president.

An alcoholic talks to citizenship class about alcoholism and Alcoholics Anonymous.

Freshman citizenship studies prejudice and its problems.

Although citizenship is a regular fifty-five minute session their discussions range from alcoholism to prejudice.

They took educational field trips to broaden their understanding of what they read about in class. Circuit Court was visited by class members to observe a murder trial after the process of law was explained to them by Judge Huhges.

Citizenship has many guest speakers: two alcoholics told of their experiences and how Alcoholics Anonymous helped them. There were two points of view due to the fact that one was a man and the other a woman. Also, Reverend Robert Dickerson spoke on alcohol and drugs and explained the goal of the Rescue Mission. Two weeks later the class visited the Mission and observed how it operated. Sheriff Robert Bender spoke about "juveniles and the law." He also brought the canine corps on a later date and demonstrated their use.

citizenship class learns by seeing, going, rapping

service workers give aid; new club takes old hobby

Office service worker Deborah Stouder delivers attendance sheet to Mrs. Roof.

Trent Wolf grades tests for Mr. Stallings, as many service workers do for other teachers.

Many of Kekionga's freshman class assisted our school and teaching staff this past year by service working. They chose to forfeit their study hall to help, at any teacher's request. Service work is purely voluntary and many students learn the joy of helping someone.

Their job involves grading tests and other assorted papers, filing, putting up bulletin boards and any other odd jobs the teacher may think of.

The service workers in the office help with attendance and deliver messages, bags and bundles. They were Deborah Stouder, Carol Mason, Nancy Bradford, Theresa Clark, Debbie Keller, and Sue Tate.

Stamp and Coin Club display members' collections. This club is sponsored by Mr. Mathias.

Y-Teen executive board, TOP LEFT, Barb Abbott, Sue Brown, Jean Strauss, Cindy Miller, Starla Goshorn, Jan Feightner, Sharon Cox, Mrs. Anglemeyer. RIGHT TOP, Karen Longest, Charlene Thurber, Sue Schaefer, Miss Strahm, Valerie Feeback, Barb Nowak, Julie Lobdell, Mrs. Diehl.

1970-71 has been a prosperous and successful year. This year there were three sponsors, which is something new for Y-Teens. They were Miss Sonja Strahm, Mrs. Barbara Diehl, and Mrs. Sandy Anglemeyer.

On Halloween, Y-Teens sponsored a party at the Allen County Children's Home. They also gave a birthday party for the welfare children.

Christmas time was a busy time for Y-Teeners. First, they went caroling at the Allen County Nursing Home and brightened many a yule-time spirit.

After Christmas vacation, Y-Teens sponsored the first dance of the new year, "Snoopy's Winter Wonderland." It was not a total success because of a lack of student participation.

The annual Y-Teen sponsored talent show, with "Reflections" as this year's theme, on April 28-29 was choreographed by Mrs. Anglemeyer and the backdrop was designed by Mrs. Kempainen.

community services are provided by y-teens

language arts

Ninth grade Spanish class adds some touches to a mural devoted to Spanish culture.

Two members of the Latin Club try on costumes they may wear to a Roman banquet.

foreign languages aid in the communication with our fellow men

Although foreign languages were offered only to freshmen as a course, some language clubs allowed underclassmen to join in studies of foreign cultures.

Foreign languages were learned through tapes, films, slides, and even bulletin boards. Some of the first things the students learned were greetings, numbers, and short phrases.

Spanish Club visited a Spanish ballet and a Mexican restaurant. Classes are finishing a mural on Mexican symbols. In learning the language the students also study the culture of the country; Latin students study the ancient Roman culture.

French students practice the proper French names to objects to aid themselves in conversations.

A new branch of literature eighth graders studied was mythology, at least new to them. They went into depth and learned about the Greek and Roman cultures through literature. Middlemen also went into depth about themes, values taught through stories, concepts of courage, and our American culture through heritage.

In seventh grade English the students learned sentence patterns, wrote themes, and learned literary terms.

Ninth grade English classes studied folk singing. They also concentrated on the study of the elements of a story and read GREAT EXPECTATIONS and the ODYSSEY.

At times seventh graders are able to compare ideas about certain stories.

students devote free time for journalism

Everyone has his own job on the department he chooses to complete.

Many times yearbook members felt that deadlines were driving them up a tree. Here the staff editors do just that.

Janet Pehrson followed her sister's footsteps in becoming editor of the TOMAHAWK. Pam Reyburn was the lay-out editor; Tom Miller and Terry Emmons were co-editors of the sports department; Steve Ballinger was science editor; Jan Osborne had both administration and social studies; Sue Van Buskirk headed the vocational department, and Cathy Cary was language arts editor. Chip Kigar supplied many photographs. All loose ends were tied by editor Janet.

The staff worked hard to meet the deadlines. They tried new ideas on thoughts and pictures. There were differences on such things as the color and design of the yearbook cover. All bear scars of the pain and torture, but the yearbook came through.

There were many added attractions to the newspaper this year. A new "Nan Bander" advice

column solved some problems. The creativity column brought out the writer in many. The ARROWHEAD staff strived to be more current in dances, events, sports, and news. Deborah Stouder was the editor-in-shief, with Tammy Schecter as assistant. Craig Masters, Marg Herman, Debbie Lebamoff, and Jaki Joseph helped in the editing of the newspaper.

Photographer Chip Kigar readies his camera for another day of picture taking.

Deborah leads another ARROWHEAD meeting by asking for ideas and assigning articles. Deadlines are a constant worry.

library

Seventh graders were made aware that a library is more than just a place to find a good book through instruction given by librarian Mrs. Ruth Robbins during reading classes one period a week.

Library Club members helped to keep the library organized by devoting their study halls and other free time to working, checking out books, and providing help for students when the librarian was busy elsewhere.

Brian Marquis served as Library Club president and Ruth Gilland as secretary treasurer.

Over 500 paperback books were brought in during February from the Summit City Book Company. This book Fair provided a place for students to buy books that are not available in the library. The library profited from the books ordered by students in order to buy more library paperbacks.

The book fair drew attention to new books.

fine arts

Art students displayed their creativity in numerous projects ranging from architectural drawings to clay modeling. The halls and cafeteria were kept brilliantly decorated with mobiles hung from the ceilings and posters reminding the Warriors of coming games and events.

Seventh graders experimented in all phases of art during a nine week course. Each student could express his creativity in his own way, but nevertheless they picked up information that will be valuable in the future.

One of the Art Club's projects this year was making puppets fashioned from paper mache.

Seventh graders paint posters expressing their feelings on different topics.

listening, playing part of fine arts

Seventh grade general music students learned to appreciate many types of music, varying from modern Jazz to the forms used by Bach. A study of American folk songs pertained not only to music but the history of our country. Composers were studied for a better understanding of the different musical styles. Occasionally the general music students took time out to sing.

This year's Cadet Band, consisting of seventh and eighth grade students, worked vigorously practicing and perfecting their sound for their one performance at the Spring Concert. The members of the Cadet Band will graduate to next year's Concert Band.

General music students sing as well as do book work.

Cadet Band put in many hours of practice.

vocal, instrumental earn superior performing art

Girls' Ensemble was another performing group which included seventh, eighth, and ninth grade Warriors. Girls' Ensemble accompanied the Concert Choir on a tour to neighboring grade schools. Both also performed at the Christmas and Spring Concerts.

The orchestra was made up of the top band members plus the string section. The variation of the string section was important for the lovely music heard from this year's orchestra.

Out of the twenty-five entries in the NISBOVA Solo and Ensemble Contest held at Portage this January, eighteen gained SUPERIOR ratings.

The orchestra put forth the best in string and band music.

wyandotte actors give clever plays

Members of Wyandottes were not only involved in acting. Much work went into painting scenery and preparing for future speech meets. The Christmas play, "Too Much Mistletoe" proved the result of many hours of rehearsing by displaying fine acting. The humor of the play kept the audience amused. The spring play, "Life O' The Party" was one of the funniest plays ever presented by Wyandottes. It portrayed the trials of a teenage boy. Students could identify themselves with the characters in "Life O' The Party."

Many Wyandotte members have gone on to Elmhurst to participate in speech activities that gained trophies for their school and themselves. The experiences in Wyandottes were a factor which aided these victories.

Wyandotte members, Theresa Pine and Scott Hodson, nervously tryout for the Christmas production.

1593166

Wyandottes presented "Too Much Mistletoe" for the Christmas program.

Concert Choir provided many splendid programs.

hard work results in memorable tunes

Nina Marchese somehow finds time to practice during a busy week.

This year's vocal music students worked hard to perfect their voices before performing.

Concert Choir members must have either completed eighth grade choir or had an individual tryout. All are above average students academically and have knowledge in reading music and music theory. Many take private voice and instrumental lessons or belong to other various choirs outside the school. Guitar was used to accompany the Concert Choir in one of its performances.

While the Concert Choir and Girls' Ensemble were busy performing the eighth grade choir served as a training choir learning the basics in sight reading and singing.

harp students practice diligently to become skilled, proficient

Harp was taught by Mr. Jerry Friend to a select group of students who were interested in learning the techniques of this fine string instrument. Nina Marchese and Nancy Foland were the two members who stuck with it and became quite skilled with the harp.

Concert band provided rhythmic beats during home varsity basketball games, which aided chants and cheers. Concert band also performed at the spring concert and provided melodic tunes for a school assemble in March, along with the orchestra, ninth grade Concert Choir, and Girls' Ensemble. Kekionga's music department rated high in the NISBOVA music contest they participated in during January and February.

Nancy Foland practices steadily on the harp.

Eighth grade choir is one of the requirements for membership to ninth grade Concert Choir.

The 1971 Concert Band.

varsity netmen nab victorious season, 8—5

Of course the greatest thrill of the basketball season was fighting to the final game of the city tourney. In the final game the Warriors lost a heartbreaking game to Lane, to finish in second place.

The regular season began a little rougher for the netmen; they were only 5—5 with three games to go. Somehow their coordination and shooting suddenly improved and the team won the next six games.

Starting five for most games were Bernie Kampschmidt, Kim Herstad, Steve Reed, Randy Rehner, and Paul Sieber. This team gave the fans some of the most thrilling moments in basketball. Their ability to keep cool under pressure was amazing. Many times they fought their way back from behind to take over the moment of victory. The fans enjoyed every game because of such moments. One of these moments almost gave the freshmen city; however, time ran out too quickly. To be second of twelve teams is still quite an honor.

Paul Sieber sinks a well appreciated free throw.

Dave Campbell eyes the basket and hopes his form isn't too far off.

a sound mind and body are essential for gym

Too little time always seemed a problem in a day of physical education this year. By going into some large athletic aspects the participants come out with a wellrounded knowledge of physical activities and fitness.

Boys thought they had the tougher half with such things as football and wrestling in the fall, basketball and gymnastics in the winter, track in the spring, and exercises and bombardment ball all around. Of course the girls included most of these plus poly-rhythmics.

Gym this year helped take some flab off the overweight and put muscles on the underweight. This called for good planning and discipline by all four PE teachers.

Girls use many different things to improve their figures.

Coordination is stressed as girls learn proper dance movements.

varsity football team hits roughest season

Old football fans were seen cheering for the classic playing of the freshmen football team. It appears that they knew what to scream for. Knowing their plays well, the varsity put a shock into every team they played. Too bad that several of the squads still managed to keep a scoring edge.

Coach Mosser was the real power that took a bunch of eighth grade beginners into the pros all fans supported and loved. He didn't use voice power, but the strength of knowledge.

The Warriors' noticeable best were Randy Rehner, Mark Mathias, Paul Sieber, and Joe Rondot. All members of the team were strong in a particular area.

In the season's beginning a great many guys tried out for the team, but few stuck it out. The ones who stayed were the best, even though the scores didn't always prove it.

	0	6	Portage
			forfeit Fairfield

Eighth grade basketball team: FIRST ROW, LEFT TO RIGHT, D. Longest, I. Brown, B. Cox, M. Rodenbeck, H. Hofer. SECOND ROW, Mgr. D. Isenbarger, M. Hoffman, S. Hibler, J. Koch, R. Bennett, G. Dalman, Mgr. S. McClintock. THIRD ROW, J. Wolfe, G. Staight, E. Schneider, K. Fortier, K. Bradtmiller, L. Howard, Coach Milam.

teams are backed by excited, spirited crowd

The way to win was shown by the reserve basketball teams. They did a great job against the city's toughest; nevertheless, they still won second place in seven of their games. Coach Milam put the team together so they learned the fundamentals that make a great freshmen team. Lyle Howard and Keith Bradtmiller made most of the points, with Hans Hoffer as the team's sparkplug.

Seventh graders played hard but couldn't seem to cut into the victories. Coach Smith straightened elementary ideas and abilities to those for the pros.

Kekionga	31	42	Fairfield
	23	58	Weisser
	27	42	Northwood
	40	31	Harrison Hill
	42	49	Portage
	33	41	Jefferson
	13	52	Lakeside
	32	46	Lane

Seventh grade basketball team: FIRST ROW, LEFT TO RIGHT, R. Schieferstien, R. Dick, P. Walkle, J. Werling, D. Lee, S. Sorgen, B. Howard, G. McCampbell. SECOND ROW, T.

Chaney, B. Keuneke, T. Simms, M. Reed, J. Beucraft, J. Shafter, mgr. Winans; THIRD ROW, R. Cox, J. Pitzer, J. Mossburg, J. Hill, J. Everson, P. Archer, Coach Smith.

Eighth football team: ROW FIVE, LEFT TO RIGHT, C. Werling, G Staight, K. Bradtmiller, E. Schneider, K. Forteir, P. Lambert, J. O'Rioden, E. Grottness, C. Gross. ROW FOUR, R. Kline, J. Briegal, B. Spencer, J. Koch, J. Wolfe, L. Howard, R. Winans, J. Norris, G. Dalman. ROW THREE, T. Hall, M. Hoffman, N. Johnson, K. Snook, G. Geyer, L. Brown. B. Cox. ROW TWO, J. Chilcote, V. Hiatt, T. Perez, M. Kiester, L. Sorgan, W. Royer, M. Brady. ROW ONE, D. Longest, M. Rodenbeck, G. Horman, R. Moake, H. Hofer, Coach Milam.

Warriors' eighth grade football team had a 500 season under their new head coach, Mr. Milam. Hard practicing seemed to pay off for a 3—3 season.

Two standouts of the 1970 season were Dave Geyer and Greg Staight. Both were backfield runners on the team. One of their hardest fought games was against Fairfield, which the challenged Warriors let slip 14—0.

Blood, sweat, and tears would be a good expression for the seventh grade football team, for the first time they really found out the meaning of grueling practice. Coach Schwartz drilled his team to every expectation. The weak didn't last long on the team. He made them run, jump, catch, tackle . . . building fundamentals for next year, and many more.

Eighth Football

Kekionga	0	14	Fairfield
	14	0	Geyer
	8	6	Harrison Hill
		forfeit	Weisser
	0	8	Portage
	8	0	Lane

Seventh football team: ROW FIVE, LEFT TO RIGHT, M. DeGrandchamp, B. McCombs, R. Cox, J. Pitzer, J. Mossburg, J. Hill, J. Emerson, D. Archer. ROW FOUR, K. Urbine, T. Chaney, J. Shafter, M. Reed, G. Pike, G. Heckley, M. Mullins, D. Munk. ROW THREE, T. Cook, C. Hill, R. Dick, B. Tillman, M. Maurer, M. Clifford, R. Rickard. ROW TWO, B. Moring, R. Schieferstein, R. Winans, R. Mason, S. Sorgen, B. Howard. ROW ONE, S. Gwozoz, D. Miller, T. Schoenle, S. Nagel, J. McCleneghen, Coach Schwartz.

Cross country team: ROW THREE, LEFT TO RIGHT, P. McCampbell, L. Middleton, T. Wolfe, G. Younghans, Coach Smith. ROW TWO, R. Trott, B. Kampschmidt, R. Fisher,

R. Bennett, M. Meyer. ROW ONE, R. Knuth, S. McClintock, T. Emmons.

fourth in city meet aids harriers' season record

Because running requires little equipment, other than the runner of course, Kekionga harriers never had an excuse to miss practice. Runners were jogging come rain or shine. However, with all their hours the runners just couldn't seem to pass enough opponents on the final stretch.

The Warriors did prove to be in the running during the city cross country meet by coming within four of the city's best. Warrior leaders during the season were Ron Fisher and Gary Younghans for the ninth, and Ron Bennett, who came in first in every meet, and set a new city record, for the eighth.

Some days practice begins inside.

Varsity Scores			
Kekionga	43	57	Portage
		16	Franklin
73	57	Jefferson	
		19	Franklin
		81	Weisser
37	50	Portage	
		20	Village Woods
30	42	Lane	
		19	Northwood
		23	Jefferson
		64	Portage

Varsity wrestlers: ROW FOUR, LEFT TO RIGHT, J. Wolfe, T. Carey, L. Waterson, R. Hill, J. Moreno, G. Hall. ROW THREE G. McGehee, G. Younghans, D. Colrick, S. Hodson, L. Kimos, G. Parrish. ROW TWO B.

Baker, D. Lynn, R. Fisher, R. Ashe, B. Kenworth. ROW ONE B. Graft, S. Nagel, R. Bosworth, R. Hatlem, Coach Beckly.

varsity grapplers capture third in city

Kekionga	27	22	Jefferson
	34	6	Weisser
	44	8	Portage
	28	26	Lane
	33	17	Franklin
	34	3	Memorial
	36	8	Fairfield
	38	11	Weisser
	37	3	Geyer

Ninth grade wrestlers were also the most obvious champs of Kekionga sports. They possessed large amounts of drive and muscle, two things a good wrestler must have. Pushing and pulling at the right time made the various holds that won meets. Each team member is alone on the mat, so there is no falling back on the team. Every man makes his own decisions and moves as he is trained. Victory or defeat may depend on his actions alone.

Bill Graft and Roy Hill were city champs, with Gary Younghans getting a second. They all helped the team compile a third in city competition.

Seventh, eighth wrestlers: ROW THREE, LEFT TO RIGHT, S. Longstreet, R. Hipshire, G. Heckley, B. McCombs, T. Bernard, T. Cook. ROW TWO, B. McGehee, D. Geyer, C. Groves, J. O'Riordon, C. Teeters, M. Bodigan. ROW ONE, J. McCayole, J. Wall, N. Johnson, D. Schrorry, coach Beckley.

judo, golf teach skills for that leisure time

The big swingers this year were not at the dances but on the golf course. They birdied and bogied into city competition where they tried to surpass last year's record. They did a fair job. Advisors and club members spent a lot of time at Foster Park practicing and perfecting swings.

Judo Club, sponsored by Mr. Wolford, produced another successful year. This year was different than last, for there were four people of the club good enough to be promoted to yellow belt. They were Terry Emmons, Erik Grottness, Greg Heckly, and Michele Bishop. They were judged by an official black belt and had to meet certain requirements. The club learned many things, like the history of the sport, useful exercises, and terminology.

Golf Club. LEFT TO RIGHT, B. Kampschmidt, R. Hatlem, D. DelPore, J. Arlington, G. Hall, J. Wright, Coach Weaver.

Judo Club members soon learn that size makes little difference and that skill and agility are far more important.

Lettermen's Club: ROW FOUR, LEFT TO RIGHT, J. Wolfe, R. Rehner, S. Reed, P. Sieber, M. Mathias, L. Waterson, M. Lee, T. Wolf. ROW THREE, S. Hodson, S. Grady, L. Kinost, V. Heniser, G. McGehee, M. Stiffler, G. Hall, P. Shepler. ROW TWO, R. Hatlem, R. Smith, P. Mc-

Campbell, G. Younghans, J. Wilhelm, R. Ashe, B. Baker, T. Whitsel. ROW ONE, Mr. Mosser, advisor; R. Trott, D. Campbell, J. Howell, S. Weber, K. Williams, D. Lee, B. Graft.

lettermen show pride in displaying big k; girls' team works

The big K was always around wherever one looked. In theaters, shopping centers, parks, you could always know one of Kekionga's best was there when you saw a big blue K. They were Kekionga's best because most of them came from sports. To remain in sports, one must be fairly good academically. Also, they have to be one of the best in more than one sport. It is hard to get a letter from only one sport.

Lettermen also came through in sticker sales and candy sales. They were also doing varied civic activities through the year, on their own, or under Mr. Mosser's supervision.

Girls' basketball team members proved that girls could be as good as boys in the winning department. They practiced weekly to become a varsity squad, which was one of our prettiest!

Girls learn that basketball isn't as easy as it looks.

booster adds drive to school ambitions

Booster Club officers, FRONT TO BACK, Gail Rietdorf, president; Cyrena Criswell, vice-president; Lori Rietdorf, secretary; Lorri Layman, treasurer, and Debbie Lehamoff, reporter.

Members of Booster Club always had a hard time sitting still.

Only a dedicated coach gets upset when things aren't going right. Mr. Schwartz shows his dedication.

At every sports event Booster Club members were there spreading the spirit around. Screaming and yelling in tense moments gave the teams' morales a boost. Pre-planned cheers were done perfectly; the little "Booster Bunny" waved "his" ears for points.

Members went to away games whenever possible, filling fan buses. Even when some tears were shed they always managed to keep going. The greatest yelling was of course at the basketball tourney. A spirited Booster Club followed the players to a second in city.

Varsity cheerleaders, LEFT TO RIGHT, Valerie Feedback, Jan Feighner, Sharon Cox, Karen Longest.

cheerleaders spark wild warrior spirit

Both varsity and reserve cheerleaders did an excellent job at keeping a cheer going at all times, for all teams. Cheerleaders spent many hours practicing yells, leading Booster Club, and painting spirit posters. Warrior spirit was always moving. At halftime during home games fans were entertained by the cheerleaders' movements to rock records.

At pep rallies, cheerleaders delighted in torturing "Ol' Rodney" with shaving cream and old rain coats. But even the cheerleaders' pranks were out-done at a city tournament rally when Warrior boys showed their cheering prowess by mocking the cheerleaders. Great spirit was kept alive throughout the tournament games.

Reserve cheerleaders, LEFT TO RIGHT, Connie Gensic, Bette Jo Maksl, Carol Hansen, Debbie Dick, Kathy Rogers.
